Thank you, thank you, thank you, Room to Breathe! I'm so glad you came to my home. You got us organized and helped us reduce the clutter in my family room and office. The systems you set up were great. They really work for us and are easy to keep up. I don't spend near as much time cleaning as I used to, because now there is a place for everything. And because I'm not wading through piles of paper and projects in my office, I get more a lot more work done in a lot less time! I couldn't be happier.

Sandra,
work-at-home mother of three
Lake Forest, Calif.

WHY ROOM TO BREATHE?

When it comes to cutting clutter and organizing your home and office spaces, turn to the experts of Room to Breathe. We can add functionality and organization to any space. From chaotic cabinets to drawers of dysfunction to all areas of clutter, big and small, we have what it takes to sweep it clean and set up systems that work for your personality, style and needs.

We start with a **FREE** consultation to assess the spaces that you need help with, using your input to develop an appropriate plan. After all, it's your space, and you have to be happy with it. We ask the right questions up front, expediting the entire process. Simply put, we don't waste our time ...or yours!

LET ROOM TO BREATHE HELP YOU ...

- **Quiet the clutter bug within** – Are you embarrassed to invite guests to your home? Has clutter taken over your living space? Maybe you're not a clutter bug. Maybe you're a visual processor who needs to SEE your belongings or you hold onto things for emotional reasons. Let us get to the root of the problem to create a system that works for you.
- **Take command of cupboard chaos** – If your cupboards are out of hand, it's not your fault. You aren't the only one who uses them! If there is NO system in place, things get out of tune pretty quickly. Let Room to Breathe give them some rhythm and rhyme, and orchestrate a cupboard system that really sings.
- **Downsize dysfunctional drawers** – Do your drawers have a secret? Are they stuffed to the brim with things that should have been discarded long ago? Does your child have a "special" way of cleaning? We give your drawers the organization and function they crave; we give you the secret to keeping them that way.
- **Fix spatial flow faux pas** – Before you pay a contractor to install new bath or kitchen cabinets, call Room to Breathe. We'll make sure the

cabinets are right for your needs now to save you time, money and aggravation down the road.

- **Organize office operations** – What a great way to increase work productivity, decrease time searching for missing documents and gain peace of mind in your workspace!
- **Make moving magical** – Getting ready for an open house? Need to declutter before or after a move? You don't need a magic wand; you need Room to Breathe. We make the packing and moving process easier!
- **Clean sweep clothing clutter** – Holding onto clothing for sentimental reasons or because you might wear them "one day"? Fact is, we wear only about 20% of our wardrobes! We can help you go down a few sizes ... no diet necessary!
- **Counteract classroom clutter** – Teachers are busy, and classrooms are cramped. Trying to fit books and supplies in such a tight space is tough, but not if you have the right storage and organizational systems. We can turn a cluttered classroom into a creative learning space.
- **Hone your child's homework center** – Is your child having trouble with schoolwork? Maybe it's his homework space! If it's cluttered and disorganized, chances are your child won't stay on task. Let us teach your child a lesson ... in organization! We establish a workspace and systems that let your child learn and thrive.

Plus, you can sign up for our **NEW** Room To Breathe **Maintenance Program**, completely customized to your needs and schedule! For more information, contact us...
